Conference Tables

When business associates assemble for discussion and important business decisions . . . it is most appropriate that their group be centered on an outstanding piece of furniture. Stow & Davis Conference Tables provide such furniture. Their excellence of design and craftsmanship dignifies any gathering . . . and the choice of styling adapts to every interior decor whether traditional or contemporary. Stow & Davis upholstered pieces are designed to harmonize with specific conference table models which correctly and effectively completes the room setting.

make consultations count

There is something about fine furniture that can be so readily recognized . . . and is so thoroughly reflected in the mood it creates. Call it a feeling of importance . . . but the fact is evident . . . men assembled to decide in a dignified setting . . . face their problems with more serious intent. And achieve more sound decisions. Conference tables are truly the center of most important business decisions.
